

**MAKE A DATE
WITH LEICESTER**

Beauty & Wellness Guide

Leicester
visitleicester.info

Introduction

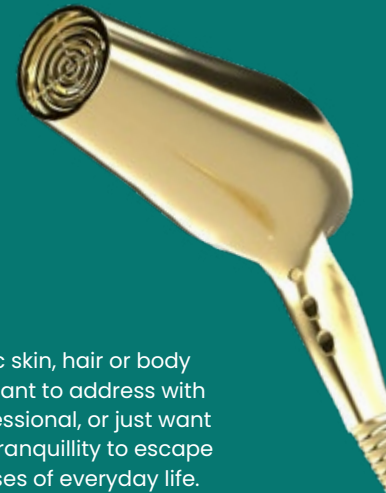

Whether you're looking for a new do, a relaxing massage, a super-glam manicure, a complete top to toe makeover or to rock some new ink, Leicester is home to some fantastically talented hairdressers, barbers, beauty therapists, tattoo artists and aestheticians who can set you on the path to looking and feeling your very best.

There's a lot to be said for taking a bit of time out to look after yourself and sometimes a pampering session at your favourite salon is the perfect antidote to a busy week. You might

have a specific skin, hair or body concern you want to address with a trained professional, or just want a moment of tranquillity to escape from the stresses of everyday life.

Whatever reason you have for booking that appointment, use this guide as inspiration and Make a Date to treat yourself at one of the city's fantastic Hair & Beauty businesses — go on, you deserve it.

To find out more about Leicester, what's happening and where to stay, visit visitleicester.info

The Mane Event

Finding a hairdresser that “gets” you and your hair is the holy grail, and in Leicester there’s a huge variety of talented stylists ready and waiting to tame your tresses

Whether you're looking for a trim, highlights, balayage, braids, extensions, hot oil treatment or a complete hair overhaul, there's a stylist and salon for everyone.

The city centre has a plethora of fantastic hairdressers, meaning you'll be spoilt for choice when it comes to choosing where you'd like to go to tame your tresses.

Nicholas James & Organic Hair on East Bond Street have stylists available to cater to everyone, regardless of hair type or style – whether it's classic or modern, bold colour or subtle balayage, textured hair or poker straight. At the heart of the Cultural Quarter, you'll find **Hair @1RD**, a well-established and reputable salon with a small team of expert stylists, on-hand to give each client bespoke advice based on their individual needs. Based within the same salon is **Afrotecture Hairstyling**, which provides hairstyling for people with afro, mixed-race and relaxed

hair types from black origin – they also provide a wig service alongside their styling, extensions and treatment offering.

Over on Market Street, you'll find **Cutting Room**, which has been in the city for over 25 years and its colourful salon offers treatments for ladies and gents, including cut and colour, blow dry and hot towel shaves. Just around the corner on Belvoir Street is **Kreate Hair Design**, offering a variety of treatments including hair relaxer, permanent straightening and Korean Perms for both men and women.

Ungaro on Cank Street is another long-standing salon, having been in the city for 24 years. Their small, friendly team offer a variety of services including highlights and Rapture Hair Extensions. At **Moda Greco**, situated on Gallowtree Gate, there's a variety of specialist treatments to choose from, including Luxury and Spiral Perms, and Keratin Smoothing Treatments. At **Indy** on Guildhall Lane, the team are known for their creative cutting and specialist colouring skills — specifically in balayage. They also offer styling and up-dos for special occasions.

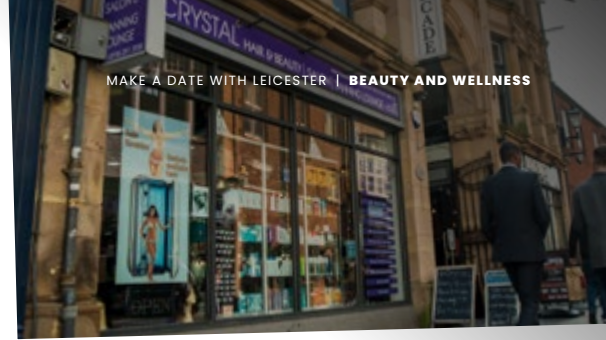

On Cank Street, you'll find **DJ's Groom Room & Sandra May's Hair Studio** — a unisex hair and beauty salon offering a variety of treatments, whether you're looking for a complete top to toe makeover, or simply want a trim. Their friendly team of hairdressers and barbers will ensure you're well looked after, meaning you can relax and enjoy the experience.

Whether you enjoy the buzz of a city centre salon or a rural retreat, multi award winning **Barrie Stephen** offers you the choice of four salons across Leicester. 'Beauty with ethics' is the salon's commitment to using the best natural products that are environmentally friendly and sustainably sourced. **KH Hair** also has salons both in the city and across the county, where fashionable hair is combined with exceptional service and the talented team includes Wella Master Colour Experts — great news whether you're looking for a treatment to boost your natural hair colour, or a complete overhaul.

Over in Clarendon Park, it's easy to spot the brightly coloured **Love Me Do Hair Boutique** — a certified ECO hair salon specialising in vintage haircuts and styles. Eco by name and nature, the salon uses vegan products wherever possible, as well as biodegradable towels. Nearby **Yan Hair** has been at the heart of Queens Road for over 30 years. They are an exclusive Aveda salon, using the premium brand products and naturally derived colour range.

The team at **George's Hairdressing** has spent the last 45 years styling and inspiring clients in their award-winning salons. At their Allendale Road salon, you'll find the 'Jakki Williams Room' — a private space dedicated to helping anyone suffering from medical hair loss find the right wig for them. Each custom-made wig is coloured and styled to suit the individual and all the bespoke hair systems are virtually undetectable to both sight and touch.

Nothing beats the feeling of stepping out of the salon with freshly coiffed hair and quite often, the salon experience is just as important as the finished result. Step back in time to the roaring 20's at **Flappers & Gentlemen**, where you can enjoy having a haircut, colour or blow-dry in their exquisitely furnished salon, whilst sipping on complimentary cocktails. **Remy**, situated in the elegant conservation area of New Walk, offers complimentary drinks and snacks when you visit the salon to be expertly made-over by their friendly and talented team. **The Secret Garden Hair** on Queen's Road offers the perfect Instagram backdrop for showing off your new hairdo. There's a plant wall, neon lights, chic furniture and lots of foliage — perfect for a post-pamper photo shoot. In Stoneygate, you'll find **Butchers Salon**, the first of the chain to open outside of London offering a chic space over two floors with a beautiful garden for customers to relax in.

The Rise of the Barbershop

Leicester offers far more than a quartet!

Male grooming is one of the biggest growing industries within the UK and nowhere is this more evident than in the rise of the traditional barbershop

There's something about the polished wood, shining chrome and plush, padded leather chairs of the bygone barbershop that makes going for a short back and sides a truly satisfying experience. And it's a sociable experience at that; for centuries the barbershop has acted as a place for communities to come together and socialise, to get news and to do business and still today, if you want to find out what's happening in your local area, be sure to ask your barber!

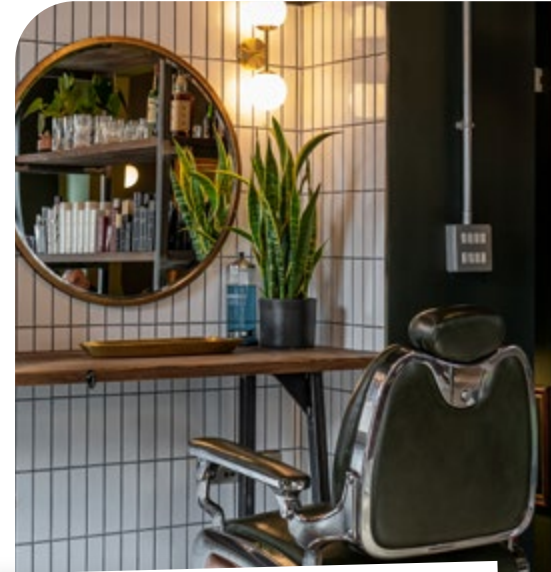

Those seeking that traditional barbering experience need look no further than the shops of **Sid Sottung** on Leicester's Hotel Street, a short walk from the bustling shopping streets of The Lanes and foody delights of St Martin's Square, **Headcase Barbers** on Market Street and **Morelli's**, which was first established in 1969 and has its home on Queen's Road.

Turkish Barbers within the city include the well-regarded **Taurus Barbershop** on the leafy Allendale Road and the **Golden Scissors** on Aylestone's Saffron Lane, whilst those looking for the more modern skin fades and razor art,

Loseby Lane's **Cartel**, Evington Road's **Cameron's Cutz** and Narborough Road's **Huntsman Barbers** have got the skills.

Leicester's not just home to the traditional though. Those seeking out a contemporary take should check out the stylish surrounding of **Homme & Co** on High Street or Clarendon Park's **NOVO**, which offers a hybrid type of traditional and innovative techniques. Belgrave Gate's **Crooked Gent** has a bright, light filled space in which to go from unkempt zero to grooming hero and **City Star Barbers** on Aylestone Road, offers similarly stylish surroundings to enjoy whilst having a trim.

So, whether you're looking to tame your beard, control your curls or lop off all your locks for a whole new look, what are you waiting for? It's time to make a date with your barber!

Perfectly Pampered

There are times in life when the act of self-care is one of the most important things you can indulge in

Whether that's booking a manicure, treating yourself to a facial, or taking a couple of hours out for a full body massage. So, what are you waiting for? Make a date with yourself and go and get pampered.

A city oasis awaits at **Femi Health & Beauty**, where you can experience a variety of treatments in beautiful surroundings. If you're making an afternoon of it, there's changing facilities with robes and slippers, two relaxation areas with complimentary refreshments and 12 treatment rooms, including one with wheelchair access. Head to **Clarins Skin Spa** in John Lewis if you need a little pick-me-up whilst indulging in some retail therapy. Offering the full 'Top to Toe' Clarins experience, the team of highly trained beauty therapists treat hands, feet and faces to a feeling of total wellbeing.

Luscious lashes and full brows are two trends that are definitely sticking around and at **Sunita's Beauty Suite**, you'll be in the hands of a team who

specialise in eyebrow shaping, offering one to one consultations before all brow services. They also offer lash extensions, semi-permanent makeup and facials.

Tucked away in the vibrant and leafy area of Clarendon Park, you'll find The **Snug Beauty & Wellbeing Salon**, an exclusive women-only space offering beauty treatments, holistic therapies and the latest in professional beauty and wellbeing. For a full body salon experience, head to **Charisma Hair**,

Beauty & Laser Clinic on Narborough Road, where you can start with a cut and blow-dry, add in a facial and massage, get your nails done and have your legs waxed, all under one roof.

The Beauty Haven in Stoneygate offers a professional range of both beauty and holistic therapies, offering an escape from day-to-day stresses. From specialist facial treatments, reflexology and pedicures, to spray tans and massages, you'll leave floating on a cloud.

Aesthetic & Laser Clinics*

Everyone deserves to feel confident in their skin, and whether you're looking to get a glow up or address a particular concern, there are plenty of talented professionals in the city that can advise on tailored aesthetic treatments

Put an extra spring in your step with Vitamin B-12 injections. Offered at clinics around the city including **JEM Aesthetics and Beauty** (Market Street), Vitamin B-12 gives your body a natural energy boost and strengthens your immune system for a more energised take on life.

Looking to give your skin a new lease of life with an invigorating facial or chemical peel? **Belvoir Aesthetics**, on Queens Road, offer red-carpet ready skin thanks to their 3D HydrO2 facial, providing hydration, oxygenation, anti-ageing, brightening and skin tightening benefits that can be customised to your individual skin needs. In the city centre, **NY Beuti** is a boutique aesthetics salon based above Indy Hairdressers, offering a range of chemical peels and skin treatments to reveal dewy, healthy skin. Try microneedling – also known as collagen induction therapy – to address signs of ageing at a cellular

level, or perhaps a Vi Chemical Peel to improve tone and texture. **SS Aesthetics** on Church Gate offer a range of DermaQuest intensive resurfacing and skin peeling treatments, great for effective reduction of wrinkles, blemishes, pigmentation and enlarged pores.

A variety of skin fillers and injected treatments are available at **Skinox Aesthetics Clinic**, including injections in the armpit area to target hyperhidrosis (excessive sweating), dermal fillers, and non-surgical rhinoplasty to alter the shape of your nose without going under the knife. **Dr Wani Aesthetics Clinic**, based on Nelson Street, is a registered doctor who provides facial injectables from her clinic to help patients look and feel their best. Treatments include anti-wrinkle injections (such as Botox®), lip fillers and dermal fillers to plump areas of the skin. Other clinics offering injectables include **Skintique** (Welford Road), **The Cosmetichem Clinic** (Humberstone Gate) and **Thérapie Clinic** (Highcross Leicester).

For body sculpting and fat reduction treatments, **Leicester Aesthetics** (Stoneygate) offer fat dissolving injections to remove stubborn areas that you may be struggling to lose through diet and exercise. Similarly, **Lindo Aesthetics Ltd** treatments include Lipoglyaze fat freezing, which starts a natural and safe process to kill targeted fat cells.

When it comes to permanent hair removal there are plenty of different treatment options available from professionally trained clinics around the city. Laser hair removal – which delivers mild radiation to hair follicles – is available at **Sk:n Leicester**, **Laser Clinics UK** and **Leicester Laser Clinic EPR**, amongst others. **City Laser & Skin** on Loseby Lane offer discounted laser hair removal treatment for women suffering from Polycystic Ovary Syndrome (PCOS), a common side effect of which is excessive hair growth. Electrolysis, which involves sending an electric current through the hair follicle, is offered at **Electrolysis Centre Leicester**

and **Flawless Electrolysis**. Many clinics offer consultations to discuss the best hair removal option for your skin and hair type to get maximum benefit.

*Please discuss your personal medical history with clinicians before beginning treatment and seek medical advice from your doctor where appropriate.

Specialists

Cosmetic Dentistry

Whether you need dental work for medical reasons, or are simply looking to upgrade your smile, Leicester has a number of dedicated cosmetic dentist clinics with expert teams on-hand to guide you through the best treatment plan for you

In the city centre you can visit **Wondersmile**, a clinic specialising in invisible aligners. Start your journey with a free, 3D scan taken at the clinic, before their team of orthodontists design your custom-made treatment plan and ship your clear aligner kit to your door.

On Narborough Road, you'll find **Leicestershire Dental Studio**, an established centre of dental excellence, offering everything from whitening and hygiene to state-of-the-art implants, composite bonding and porcelain veneers. Similar services are also offered at **Oakdale Dental** (Fosse Road Central), who specialise in oral surgery and providing high level implant dentistry, and **Dentique** (Knighton Grange Road), who offer a range of cosmetic and aesthetic treatments to boost your confidence. At **Aesthetic Smiles Dental Spa** (Fosse Road North), there's the opportunity to have Same Day Smiles treatment, helping patients with missing, damaged or broken teeth restore their smile within hours.

Hair Loss Clinics

Losing your hair can be a huge knock to your confidence and for those who want to explore alternatives to wigs, Leicester has a number of specialist hair clinics who will take the time to discuss the various options with you

Leicester Hair Loss Clinic (Humberstone Gate), **Hair Transplant Leicester** (St Georges Way) and **IK Clinic** (Stoneygate) all help clients restore their hairline and their confidence through a combination of hair transplant surgery, hair systems, laser hair retention and scalp micropigmentation (to name a few.)

SMP Hair Studio is a specialist Scalp Micropigmentation clinic in the centre of Leicester, created to help both males and females suffering from all types of hair loss. The non-surgical treatment involves applying natural pigments to the scalp to replicate the look of natural hair follicles and provides instant results.

Waxing

In St Martin's Square you'll find the city's only dedicated waxing salon, **nkd ()**

Providing high quality waxing treatments to men and women, they particularly specialise in the delicate art of male and female intimate waxing. From Brazilians and back waxes to Hollywoods and half-leg waxes, they really have seen – and done – it all. Their specialist skills mean that your nkd wax will be quicker, cause you less discomfort and give you great results.

Leicester Gets Inked

When it comes to choosing the perfect tattoo for you, the artist who is creating your piece is just as important as which studio you choose

We recommend looking at artist and studio portfolios – either on their website or through social media – to help get an idea of their style and find someone whose work matches your desired aesthetic.

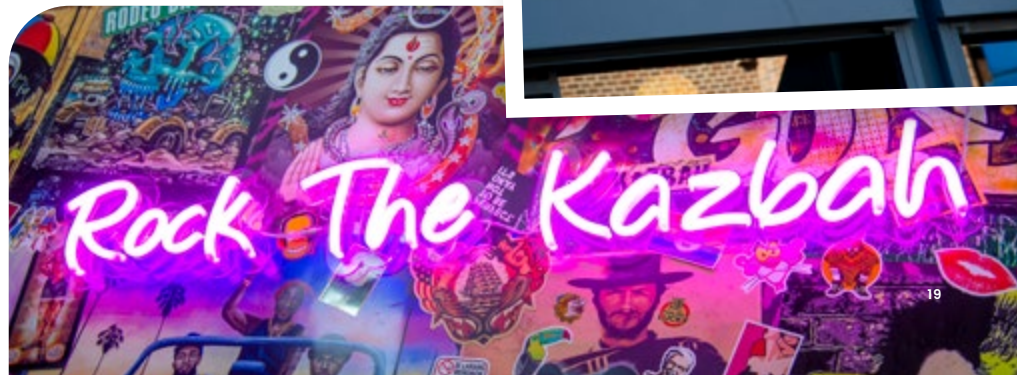

Leicester has a huge number of studios and ink art houses from which to get your very own portable – and permanent – work of art. From traditional tattoo parlours, to custom studios and salons excelling in cover ups, dot work, manga and hyperrealism, you're sure to find an artist and studio to make your vision come to life.

If you're after detailed blackwork, **Sakura Tattoo** on Yeoman Street is home to Emjay – an artist specialising in delicate, fine line tattooing ranging from small and simple to larger, detailed pieces. Lydia Amor, based at **Saint Maria Studios**, also creates fine line tattoos but exclusively in a hand-poked style – applying the design without the use of a machine.

For bolder designs, Aidan O'Brian at **Dragon's Forge Tattoo Studio** is worth a visit. Working in Japanese Irezumi style, his portfolio includes detailed and colourful designs, from individual pieces to larger sleeves. Sami at **Empire Tattoo Club** specialises in colour realism and water colour, as well as being gifted at covering old and unwanted tattoos.

Inkling Studio is a light and airy studio, where owner Neil has combined his training in design and fine art with the traditional tattoo skills, gaining a reputation not only for the quality of his work, but for his ability to freehand draw designs direct onto skin and create works that are truly unique and original.

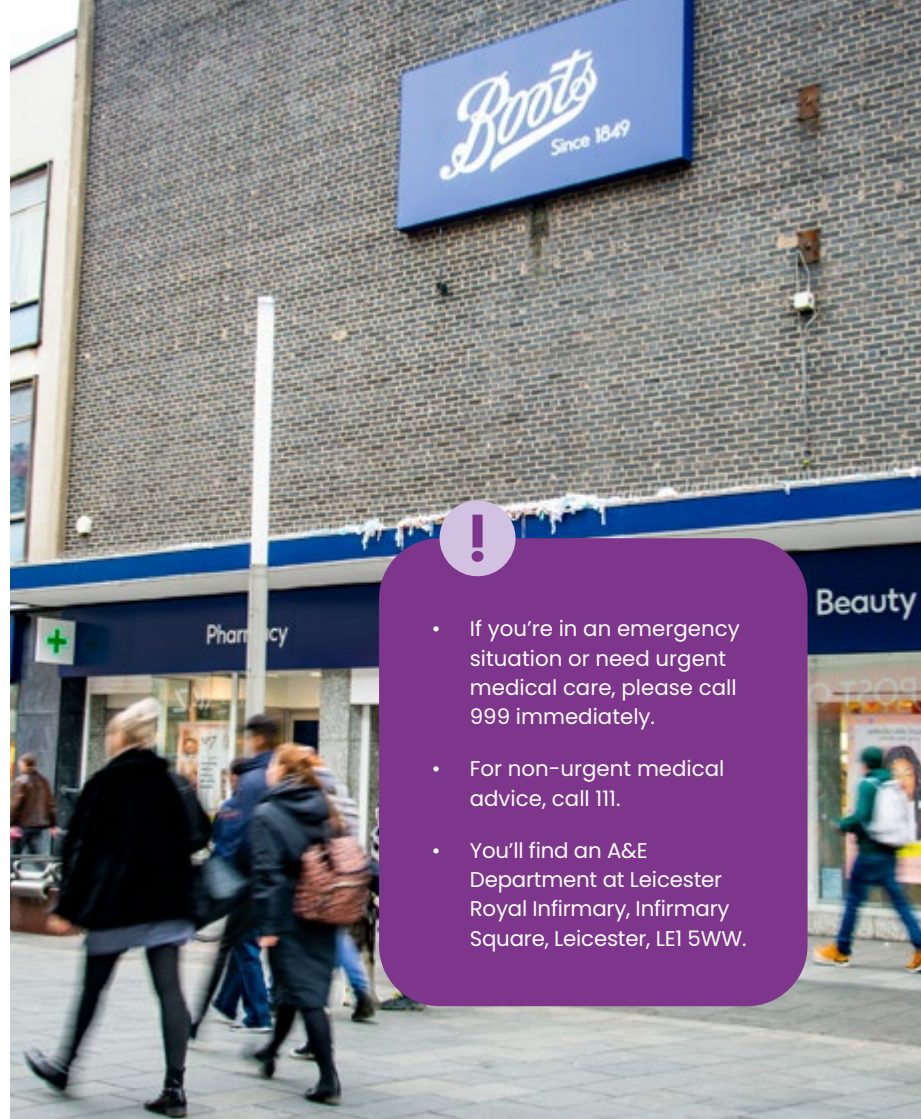

On Silver Street, you'll find **Kazbah** which is home to tattoo artist Martin Goldtooth, who is a specialist in high quality, small to medium size, black and grey tattoos. If your preference is piercings over tattoos, the team have you covered – from earlobes and eyebrows, to navel and tongue.

Chemists & Pharmacists

Whether you've run out of your essentials, need to pick up a prescription, or are looking for some advice regarding a minor health concern, there are a number of pharmacies dotted throughout Leicester city centre and its surrounding neighbourhoods who will be happy to help

(Find full listings in the directory at the back of this guide.)

- If you're in an emergency situation or need urgent medical care, please call 999 immediately.
- For non-urgent medical advice, call 111.
- You'll find an A&E Department at Leicester Royal Infirmary, Infirmary Square, Leicester, LE1 5WW.

Make-Up, Beauty & Fragrance... Oh My!

Run out of your favourite beauty product, make-up item or signature scent?

There are several places in the city you can stock up on your essentials. High-street favourites **Boots** and **Superdrug** are your one-stop-shop for most beauty items – whether you need a new mascara, some hairspray, aftershave, moisturiser, or a razor, they've got all this and more.

At **John Lewis**, you'll find designer beauty brands such as Chanel, Bobbi Brown, Clarins, Estée Lauder and

Clinique. With dedicated experts on each of the counters, it's the perfect place to go if you'd like to try a new look but aren't sure where to start. They also stock a wide range of perfumes and aftershaves.

If you love your fragrance, **Jo Malone** is a must-visit. Situated in Highcross, the beautiful store showcases the signature scents associated with the internationally renowned, luxury perfumer. Choose something new or pick up your favourite fragrance and enjoy the additional touch of luxury as it's beautifully wrapped for you to take home.

Those who prefer their signature scent to come from bath bombs, bubble baths or body creams can indulge in a trip to **LUSH** or **Body Shop**, both of whom pride themselves on being eco-conscious, cruelty-free retailers. **L'Occitane** also uses natural ingredients, stocking an unrivalled range of soaps, handwashes, body butters and skincare inspired by the products of Provence.

You'll also find that most of the beauty salons in and around the city stock a range of skincare, make-up and beauty products for an at-home spa experience.

Opticians

A quick way to refresh your look or add a stylish finish to your outfit is to update your glasses

Frames can say a lot about a person, and whether you're after a professional new look, a fun pop of colour or some new shades for your travels, Leicester's opticians can help you pick out the perfect shape to suit your face.

Of course, it's important to regularly get your eyes checked to make sure your prescription is meeting your needs. Why not stop in to one of the city's professional opticians' clinics to get a check-up and update your look at the same time?

High street names **Specsavers** (Belgrave Gate) and **Vision Express** (Highcross Leicester) both have branches in the city, offering eye examinations, contact lenses and a wide range of styles to choose from when it comes to frames. If you have an accident with your existing specs – it happens to us all – head over to **Chapman & Partners** who have an in-house spectacles mending service.

Independent and family-run **Henry Smith & Hamylton** were established in 1887 and have been providing professional eyecare for over 100 years. As well as examinations using modern sight test and screening equipment, they are home to an impressive selection of designer and fashion eyewear – including sustainable eyewear from Sea2See, offering frames made from recycled ocean plastic.

Jacob & Joe – a boutique optician and eyewear innovator – is a must-visit destination for fans of designer eyewear. Bridging the gap between optics and fashion, they are authorised sellers of Cartier frames and other designer brands, many of which are currently only available in top London department stores. Choose from the likes of Dita, Gucci, Mykita, Linda Farrow and Vintage Frames, all available as prescription lenses or sunglasses.

Further afield, **S.I.Opticals** on Narborough Road are an independent practise delivering a professional and personalised service for customers. As well as eye examinations and contact lens assessments, they offer a range of specialist testing including dry eye screening, diabetic eye test and sports vision, to truly tailor your spectacle and contact lens requirements to your lifestyle.

Please check with individual venues in advance so that you can be confident it meets any accessibility needs.
