Invest in
Leicester are
working in
partnership with
foreign-owned
companies...

Foreign companies consistently contribute approximately 28% of UK economic output despite representing only 1% of firms. We take pride in supporting all foreign-owned businesses that are located within the Leicester & Leicestershire area to facilitate growth, enhance productivity and create a strong local economy via our local, regional and international networks for our outstanding business community.

THE INVEST IN LEICESTER TEAM, THE MIDLANDS ENGINE AND THE DEPARTMENT FOR BUSINESS AND TRADE (DBT) ARE WORKING TOGETHER TO ENSURE FOREIGN-OWNED BUSINESSES IN OUR REGION HAVE ACCESS TO COMPLIMENTARY SUPPORT THROUGH A DEDICATED KEY ACCOUNT MANAGER.

Working in collaboration with the various district councils, the Leicester & Leicestershire Enterprise Partnership (LLEP), and many of our strategic partners and linked organisations, our account management programme is designed to support your growth, drive innovation and facilitate your company's expansion in the local area.

All business support is designed to ensure every client is able to grow their operations in the region effectively and with ease.

We support your growth journey...

A DEDICATED ACCOUNT MANAGER WILL MEET WITH YOU TO UNDERSTAND THE SPECIFIC NEEDS OF YOUR BUSINESS AND ASSESS CHALLENGES TO GROWTH AND DRIVERS FOR INNOVATION AND EXPANSION.

The Invest in Leicester Team acts as your single point of contact, tailoring a bespoke package of support and bringing together a project team via our networks and provision of support on an international, national and local level such as the Department for Business and Trade, LLEP, growth hubs, property agents, district councils, recruitment consultants, public sector departments and universities.

Just some of the streams of support include:

TALENT

Our excellent employment hub links can provide recruitment support, staff retention advice and development of workforce through training programmes and apprenticeships.

TRADE & INVESTMENT

Our Department for Business and Trade advisor network can tailor bespoke export plans for your business and help you navigate EU and other countries' trade policies.

EXPAND YOUR NETWORKS

Introductions to local and regional business networks, networking opportunities and promotion for your business.

FINANCE & FUNDING PROGRAMMES

Information on funding packages, support grants, financial incentives and access to funders through our commercial partnerships.

SUPPLY CHAIN

We introduce you to our stakeholders and industry networks that can source potential suppliers and improve manufacturing efficiency.

DEVELOPING EXPORT LINKS

Market information, bench-marking tools and introductions to potential overseas partners.

PROPERTY & SITES

For additional sites or relocation, our unique network of local authority partners and property agents can tailor bespoke property searches, site availability and assist with planning issues, coworking spaces, incubators and industrial units.

We've formed a productive relationship with key local partners including the inward investment teams, helping us to make informed decisions and have a seamless experience when investing in the area.

We're pleased to be creating jobs in the area, helping our workforce grow through training and development and we look forward to continuing our work in the region.

AMAZON

We have unparalleled networks...

- DBT Investment Environment Teams and policy/regulatory support
- DBT Knowledge Labs for benchmarking and intelligence to support your business in assessing UK v Global investment opportunities.

The city is well-located and we have had a huge amount of support from the City Council and LLEP. We have been extremely pleased with the quality of the local workforce, and it's been nice coming to Leicester because the business community wants to work together to grow the city.

IBM SERVICES CENTRE

INNOVATION, RESEARCH & DEVELOPMENT COLLABORATION

We have excellent R&D links to universities, industry networks, centres of excellence and post/undergraduate recruitment including academic advisors via our knowledge transfer network partnerships.

Felixstowe

London

Dover

Having our dedicated account manager has proven useful; their extensive local network and knowledge helped us on Brexit guidance and links via DBT have connected us to suitable local networks to support our requirements and general guidance acquired via the KAM programme has added value to our operations.

It's nice to know that the City Council has invested in employing professionals helping foreign-owned companies.
